WHAT IS R 'N R?

This special evening allows AdaptAbilities families to relax and rejuvenate during the busy holiday season.

It's an evening of well-deserved and needed relaxation for caregivers of individuals with special needs.

Welcome to AdaptAbilities, Where We Create Success for Life

We provide unique, high-quality respite care for kids, teens and adults with special needs. AdaptAbilities' creates success for life, empowering these individuals to grow, succeed and belong.

What is respite?

Families supporting a child with special needs are at a high-risk of experiencing caregiver burnout. Respite is an essential service that gives families the chance to take a break, practice self-care or spend time with loved ones.

AdaptAbilities offers high-quality programming for individuals with special needs. When we deliver services for families and individuals with special needs, the community thrives.

1 **Help** families who need time to care for themselves.

2 **Empower** individuals with special needs to grow, succeed and belong.
